PART – C
3. Changing the WPF application from Training Login to Teacher Login (For Ready Reference):
Early Digital Learning Programme
WPF Update Guidance Version – 1.12.24 for Teacher Laptop

PART - A

1. Update Guidance for Version 1.12.24 for Teacher Laptop:
WPF Application update for Educator’s Devices (Laptop) for usage of Training User Credentials in Offline mode.

(i). Pre-requirements
1. Laptop supplied & commissioned in Phase-III only, which comes with pre-installed WPF application.
2. Stable Internet Connection for certain functions.

(ii). WPF application (Mandatory update)
   a. For usage of CMS applications in Offline mode.
   b. All the Laptops that were commissioned must be updated to version v1.12.24.
   d. Process defined in this document is meant for usage of WPF applications with the User id credentials provided by the Ministry.
   e. WPF applications should be synced & updated to enable certain features & functionalities to work in Offline mode.
   f. Two methods (Online Method & Offline Method) procedure is in this document for updating the WPF Application to v1.12.24.
1a. Online Method - Mandatory Update of the WPF application to v1.12.24:

Step 1: Click on the EDLP logo to start the application. After opening the application, it looks like this as shown in the Pic-1.

Before starting the updating of WPF Application, we need to do the “Sync Offline Data” process. So, if there is any data available in local storage it will be uploaded to the server synced with the **Teacher User id and password** and when the Application is updated and no data will be missed. Please follow below process:

If “Sync Offline Data” is clicked without logging in, The Syncing process won’t start. Please note that we need to be logged in before starting the Syncing Process.
Step 2a: Click on “Launch App”.

Pic-2

Pic-3
Step 2b: Log-in with the Ministry provided Teacher User id and password.

Step 2c: Click on “Sync Offline Data”.
Step 2d: Please wait till the Syncing process is completed.

Step 3: Once the Syncing process is finished, now to update the WPF Application to the new version of EDLP - **v1.12.24** click on “Check for Updates” and follow the steps as shown below.
Early Digital Learning Programme
WPF Update Guidance Version – 1.12.24 for Teacher Laptop

It pops up the window showing that “Update found, downloading updater...”. Don’t close till the download completes.

Step 4: Now click on “OK” and it starts installing the updated version of the WPF.
Step 5a: After clicking ok you will get the below screen and click on Yes and it starts installing downloaded updates and follow the steps below.

Step 5b: It pops up the window showing “Install”, now click on “Install” and follow the steps below.
Step 5c: It shows as below the Update is getting installed. If prompted, click on “Next>”.

Step 5d: Now click on Finish. The window will be closed.
Step 6: Click on the EDLP logo to start the application, now we can find the Updated version i.e., v1.12.24

![Pic-14]

Step 7: Now Click on ‘Launch App’ and it will take you to Chrome browser by default to use Offline Application.

![Pic-15]
Step 8: It looks like the picture below after opening in Chrome browser and you should enter your username and password provided by the Ministry and start using the application.

![Picture of the login page](image-url)

**Pic-16**

*Note:* To clear old 'Cache' memory press `Ctrl+Shift+R` at a time and refresh the page for at least 2-3 times.
Step 9: After Login screen looks like this with the Teacher name on Top of the table on the right side.

Pic-17
1b. Offline Method - Mandatory Update of the WPF application to v1.12.24:

**Step 1:** Click on the EDLP logo to start the application. After opening the application, it looks like this as shown in the Pic-1.

Before starting the updating of WPF Application, we need to do the “Sync Offline Data” process. So, if there is any data available in local storage it will be uploaded to the server synced with the **Teacher User id and password** and when the Application is updated and no data will be missed. Please follow below process:

If “Sync Offline Data” is clicked without logging in, The Syncing process won’t start. Please note that we need to be logged in before starting the Syncing Process.
Note: Please Note that the User credential credentials used for syncing, the same to be used for logging in after updating the WPF Application

Activation key: **4WVKR-3VK7M-1RR6L-UPIXI-88PM6**
PART - B

2. Preliminary Verification (for Ready Reference)

2a. Setting up of Date & Time (One Time Process)

Step 1: Date & Time to be in Mauritius Time Zone (GMT+4:00). If not, the laptop must be set up in Mauritius Time Zone.

(Note: All the Laptops that are commissioned have been set to GMT+4:00 as default time.)

For setting of the Time Zone into Mauritius Time Zone, the following steps to be followed. Refer to Pic-2 & Pic-3.
Step 2: Type “Change the date and time” in the search bar of the laptop. And select the “Change the date and time” as it appears in the search list.

Pic-2

Connect to the internet and then follow all the steps given below

Step 3:

a. Set time automatically to ON and Set time zone automatically to ON

Now, you will find your time automatically set to the Mauritius Time Zone.

Pic-3
2b. Updating of the Laptop to the latest Windows Version:

Step 1: Check for Updates by typing Check for Updates in the search box.

Step 2: You will get below screen if there is any update available for Windows-10 and Dell Laptop Drivers, click on Download and Install to update it. Keep the Laptop in charge while updating.
Step 3: After Updating it completely you will get the below screen if you check for updates again.

![Image of Windows Update screen](Pic-6)

**Pic-6**

Step 4: At the time of Shutting down the laptop if you get below screen as Update and Restart do it with connecting charger to laptop. Don’t switch the laptop OFF or Close it while updating.

![Image of Windows Update screen](Pic-7)

**Pic-7**
Step 5: After updating and restarting the screen should look like below as ‘You're up to date’.

Pic-8
PART – C

3. Changing the WPF application from Training Login to Teacher Login (For Ready Reference):

In case, any of the Teacher laptop is with Training login and need to change to Teacher login with School Institution code, please follow below steps.

Step 1: Click on the EDLP logo to start the application

Pic-1

Step 2: Now open the application by double clicking on the EDLP icon on the desktop. And then click on the “Info”, it prompts with a window pop-up as Application setup for “Institution Training”.
Step 3: Now we need to change the database file name by following the path.
- This PC: Local disk (C:) \erudex\ErudexWinApp\AppData\edlp_moemu_org
- Change the database file from “Erudex” to Erudex.Training

To change the database, follow the below pictures and steps.

Step 4: Go to This PC and double click on Local disk (C:)
Step 5: By clicking on Local disk (C:) you will get the list of folders, in that you should select & double click on the erudex folder.

Step 6: After opening the erudex folder you will find a folder by name ErudexWinApp. Now double click to open it.
Step 7: In the ErudexWinApp folder you should select & double click the folder by name **AppData** and open it.

![Pic-6](image)

Step 8: In the AppData folder you will find folder **edlp_moemu_org** open the folder.

![Pic-7](image)
Step 9: In the edip_moemu_org folder you will get a database file called Erudex, right click on the file name.

Step 10: After right clicking select “Rename” and change it to Erudex.Training
Step 11: Now open the EDLP App and enter the **INSTITUTION CODE** provided for your school (which is provided by the Ministry along with username and password. Please note that every school has its unique Institution code) and click on set code.

![Pic-10](image1)

Step 12: It displays your school’s name, if it is correct, then click on “YES”.

![Pic-11](image2)
Early Digital Learning Programme
WPF Update Guidance Version – 1.12.24 for Teacher Laptop

Step 13: After entering Institution Code and clicking Yes, you will get below the window displaying to pull teacher data and then click on Pull Teacher data.

Pic-12

Step 14: It starts pulling the data of all the Teachers particular to your School.

Pic-13
Step 15: It displays the Teacher data pulled.

Step 16: Now Click on Launch app and it will take you to Chrome browser by default to use Offline Application.
Step 17: It looks like the picture below after opening in Chrome browser and you should enter your username and password provided by the Ministry and start using the application.

Note: To clear old 'Cache' memory press Ctrl+Shift+R at a time and refresh the page at least for 2-3 times.

Step 18: After Login screen looks like this with the Teacher name on Top of the table on the right side.
Further, if you want to login with Training Code from Teacher Login, please follow the process from step 3. Rename the "Erudex" to "Erudex.Live"

In step 10 "Rename" the "Erudex.Training" to "Erudex"

In step 11 enter the TRAINING CODE - 'YTc2ZmlI' provided by the Ministry along with username and password and then follow the steps.
