Important Notes

• Uninstallation Requirement:

It is mandatory to uninstall the older version of the EDLP CMS application from Educator Windows laptops supplied under Phase-III, Phase-IV, and Phase-V deployments before installing the new version.

• Compatibility of User Credentials:

The newly issued user credentials for the Academic Year 2025 are compatible only with the updated EDLP CMS application (Version 2.0.0). This applies to both the WPF application (for Educators) and the APK version (for Students).

• Usage Recommendation for Educators:

Educators are strongly advised to use only the **WPF application (EDLP CMS Version 2.0.0)** on their designated school Laptops for all teaching and academic activities.

• Student Access to Teacher Content:

For students to view assessments, interact with additional content, or receive assignments from teachers, it is essential that their tablets are updated with the **latest APK version (EDLP CMS 2.0.0)**.

• APK Upgrade Instructions for Student Tablets:

To upgrade the APK on student tablets provided under Phase-III, Phase-IV, and Phase-V, please refer to the detailed **User Manual and Installation Files** available on the official **EDLP Training Website**.

• Access for Teachers Outside School Hours:

Teachers who wish to create assessments, upload multiple-choice questions (MCQs), or review student submissions using personal laptops outside school hours should log in using the following URL only:

[https://edlp.moemu.org/ProCMS/user/login]

• Verification of Copied Content:

After copying the "Erudex" folder to the new directory, please verify that the correct number of books have been successfully copied for each grade level:

• Grade 4: 153 Books

- Grade 5: 100 Books
- Grade 6: 49 Books (42 Books + 7 Books (As per the content update released on 27 May 2025)

-The End-
